Mr Mayes

I noticed this week that you were able to get the fence segment between CES and your school repaired. If you can prepare an invoice from the school and provide a copy of the invoice from the fence repair company, I will work to get the school reimbursed.

Mr. Mayes:

I talked with your brother on 3/6/15 after a portion of the fence fell down between CES and the School. It was my understanding that the school was going to get it fixed and that I would work to get you reimbursed. I noticed that it was not yet repaired so I wanted to make sure that I did not drop the ball and that the school was going to have the fence repaired.

Also, I did not get a copy of your brother's business card so if you would not mind sending me his information, that would be helpful.

Thank you so much.
